AUBURN TRIUMPHS OVER THE KEARLEY RUNS FORTY YARDS TO TOUCHDOWN HEAVIER L. S. U. ELEVEN

Mobile, Nov. 9.—At the Gull Park today the Orange and Blue Tigers of Auburn, defeated the Louisiana State University 7-0, in one of the hardest fought battles of the season on a Southern gridiron. The Louisianians had the great advantage of weight—but with inferior punting, and lack of ability to handle punts, they were unable to score against the squad from Auburn. In the first period Louisiana recovered Auburn's fumble and had the ball in striking distance of the Tiger goal—but after failing to make any headway through the line Reid attempted a drop kick which proved unsuccessful and the Auburn eleven rushed the ball out of danger. This was Louisiana's only good chance for a tally during the game. Afterwards the Auburn goal was in no great danger.

In the latter part of the first period Auburn punted to Louisiana—L. DuPont received the ball, but fumbled, and Kearley, Auburn's left-end, recovered and ran 40 yards to a touchdown. Major kicked goal. Auburn also scored a touchdown in the early part of the second period, when Newell made a beautiful 50 yard run through a broken field, but was brought back and penalized on account of holding in the Auburn line.

Stars of the Game.

For the Auburn aggregation it would be hard to give the laurels to any particular man. The entire team played good consistent football throughout the game. Capt. Major's punting was of the highest quality, often booting the ball 50 and 60 yards into the enemy's territory, and baffling the Louisiana backs with his spiral glides. He greatly outclassed his opponent in this line of the game. Though Newell's touchdown was ruled out, it detracts nothing from his great exhibition of broken field running and his effective use of the stiff-arm. He also played a brilliant defensive game. At ends, Kearley and Robinson played beautiful games, on both offense and defense. Kearley, besides making the lone touchdown of the game, was a good ground gainer around end. Owing to the work of these two men, Louisiana found little opportunity to return punts any appreciable distance. "Sheep" Lamb at tackle, was in every play through the line, and played a splendid game throughout. Meadows and Louisell also played high class ball at their respective positions in the line. Hart played a good game at half until he was compelled to retire on account of a dislocated shoulder.

For Louisiana, Evans, at half, was the only man able to make any long gains against the Auburn eleven. He played a great game, considering the fact that he has been absent from the line up for some time on account of a broken foot. DuPont and Hall, at ends, played beautiful defensive games, while Reid showed up well at full.

Team in Good Condition.

With the exception of Half-back Hart's dislocated shoulder, the Tiger squad returned from the Louisiana battle with no additional names to the list of injured. Arnold, who has been out

of the game for two weeks on account of a dislocated knee, is rapidly recovering and was able to play for a few minutes in Saturday's game. Unless there is no one injured in the next two weeks of practice, the team should be in fine condition for the game with Vandy in Birmingham, Nov. 23.

COLLEGE SPIRIT.

The term College Spirit is one which is interpreted variously according to the standards of the person displaying it. Sad to relate it is often made the scape-goat by fellows who fall from grace and have to have something on which to place the blame for their misconduct. So we find the term almost as often abused as it is used rightly.

But real "College Spirit," that is the genuine article, all wool and a yard wide, is not an excuse for a man to get drunk, bet on the game, and raise Cain generally. On the contrary, College Spirit that is worthy of the name, impels a man to consider first the honor of his Alma Mater and to do nothing to place a stain on her fair name. It makes a man act manly for his College's sake if not for his own sake. It fills him with enthusiasm and energy and drives him on to do everything in his power for the advancement of his institution. It sends him out on the football field to back his team and cheer them on to victory. If they happen to play a losing game it impels him to cheer frantically and plead with them until in desperation they call on their reserve supply of nervous energy and sweep everything before them.

But it isn't "College Spirit" that makes a man bet on his team. That is pure sordid greed and desire to get something for nothing. The man imbued with College Spirit, when taunted: "To put up or shut up" by some little tin can sport with a few greenbacks in his hand; remembers that he is not a jelly-fish but a man with a backbone and promptly sends said would-be "Monte Carlo" artist about his business with the astounding information that an Auburn man neither has to put up or shut up but supports his team wherever and whenever the opportunity presents and in whatever manner he pleases.

That is the kind of College Spirit that we want to take to Birmingham with us on the 23rd. That kind of College Spirit will not cause the men of Auburn to make our victory over Vanderbilt an excuse for getting drunk and painting Birmingham red. On the contrary it will cause them to remember that Birmingham is the largest city in the state and that its people will judge Auburn largely by the conduct of its students while in their city. Consequently we sincerely trust and believe that all truly loyal Auburn men will stretch a point while in Birmingham and resist every temptation to stray from the straight and narrow path. The faculty is good enough to give us the opportunity to make this trip and we think that we should not betray their confidence in us by acting in such a manner that the people of Birmingham will gain the impression that we are a gang of rough-necks and drunks. But we believe that every truly loyal Auburn man should feel himself on his mettle, as it were, and honor-bound to so conduct himself that the people of Birmingham will know that the Auburn student-body is composed of high-toned gentlemen.

AUBURN, ALA., NOVEMBER 16, 1912

We want to appeal to the student body to make a supreme effort during the next week and do all in their power to kindle such enthusiasm in Auburn as it has never known before. We have just two more games between us and the Southern championship, and our team has not yet put out all that is in them. There is a reserve supply of energy in every man on the team waiting for a supreme test to bring it forth. It is up to the student body to get behind the team and make it put forth every ounce of football that there is in it. This reserve strength of the team will probably mean the difference between defeat and victory because our team hasn't been playing a game that will beat Vanderbilt. But with the right kind of support they are capable of playing a game that will humble the proud Commodores. Now fellows, it is up to us to give it to them! You don't need to be told what to do, you already know. Then please get at it. If for nothing more than for your own self respect. It will be mighty humiliating to us to make a trip to Birmingham and then see our team defeated for the first time this season. That would be awful.

I went out on the football field the other afternoon after drill to watch the practice, and I'll declare it gives me the "Blues" every time I think about it. There were about a hundred fellows out watching the practice and they conducted themselves as though they were attending a funeral. The only evidence that the team had of their presence was that every few minutes some of them would drift aimlessly out onto the field, get in the way, and mess up a play. There was no cheering or encouragement for either the varsity or the scrubs. And what is worse this spirit of lethargy seemed to afflict the players also and they went about their work in a half-hearted sort of way, each working just hard enough to hold his opponent.

This will never do. Get out there and talk to the Varsity and the Scrubs and make them fight. Especially talk to the Scrubs because it is the Scrubs who make the Varsity what it is. If the Scrubs lie down; Varsity lays down; and if the Scrubs fight like demons, Varsity wakes up and holds them.

So every afternoon of next week we want from three to four hundred men out to get behind our team and especially to encourage the Scrubs. We don't want a single spectator, but we want five hundred rooters.

Yells and Songs

(Continued from page 1.)

"Song of Victory."

We've just sent boasting Tech to the bottom of the sea.
And we've hung old Mississippi to a sour apple tree,
Now beat all other croakers and we'll take 'em on a spree,
As we go marching on!
Glory, glory, Dear Old Auburn.
Glory, glory, Dear Old Auburn.
Glory, glory, Dear Old Auburn.
We're with you right or wrong!
— to 0 was the score of the game.
— to 0 was the score of the game.
As we go marching on.

THE SCRUB.

The average person considers the scrub as an unknown person. In reality they are unknown in a different sense, for the scrub of this year may be the "star" of next season. They are not out there only to be battered and slammed around by the Varsity; they are there, as well, to learn football. The scrub squad should be considered as a training school for the Varsity. Every Varsity man is compelled to go through that school, just as you students are obliged to take your college course as a training school for your life's career. The harder one works as a scrub the greater his success as a varsity man, just as the best student usually makes the best citizen.

This is not a call for more scrubs but every man that even hopes to make a football "A" should be on that squad. Every man that intends to play class ball should be there. You owe it to your class mates and your college. The class that has the largest number of men on the scrubs will win the class championship.

Is your class going to win? Or are you going to let it be one of the other three? It is up to each and every one of you. Now get started! — DACH PRAY.

Y. M. C. A. NOTES.

Mr. James N. Montgomery, international secretary of the Young Men's Christian Association for the South, will visit Auburn on Sunday, November 11th and will speak in the Y. M. C. A. Hall at three o'clock.

Mr. Montgomery is an Alabamian and a graduate of Washington and Lee University. The Association extends a hearty invitation to all to hear his address. You will enjoy it.

Mr. H. C. Hounshell, traveling secretary for the Student Volunteer Movement of North America will be in Auburn, November 19, 20 and 21. Mr. Hounshell has a strong message for college men having spent seven years in the far east and being a close student of the wonderful changes that are taking place there under the influence of Christianity.

Since his return to this country Mr. Hounshell has visited a vast number of the schools, colleges and universities throughout the United States and therefore has first-hand knowledge of what American college men are doing to further the greatest movement of modern times, the world-wide missionary propaganda.

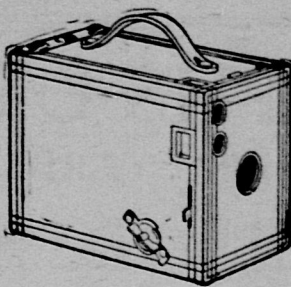

Rev. Joseph Dunglinson spoke before the members of the Y. M. C. A. at their regular meeting last Sunday afternoon at 3 p. m. Rev. Dunglinson is one of the most scholarly men in the state and his address was enjoyed greatly by all who had the good fortune to hear him.

"Give me a man with an aim,
Whatever that aim may be;
Whether it's wealth, or whether
it's fame,
It matters not to me.
Let him walk in the path of the
right,
And keep his aim in sight;
And work and pray in faith
always,
With his eye on the glittering
height."

AUBURN, ALA, NOVEMBER 16, 1912

We want to appeal to the student body to make a supreme effort during the next week and do all in their power to kindle such enthusiasm in Auburn as it has never known before. We have just two more games between us and the Southern championship, and our team has not yet put out all that is in them. There is a reserve supply of energy in every man on the team waiting for a supreme test to bring it forth. It is up to the student body to get behind the team and make it put forth every ounce of football that there is in it. TEAM AND BAND ENTERTAINED BY THE MOBILE ALUMNI.

The football team and cadet band were royally entertained, while in the Gulf City, by the Auburn Alumni. They were met at the train and given a hearty welcome. Then headed by the band, playing "Roll the Old Football Along," they marched to their headquarters at the Cawthon Hotel. After supper the band gave a concert in Bienville Park, and made quite a "hit," for they were urgently requested to sign contracts for their services during the Reunion and also the Mardi Gras Carnival of next year. Saturday morning both teams enjoyed an auto tour of the city. After the game the Auburn and Louisiana elevens and the A. P. I. Cadet Band were given a box party at the Lyric Theatre. Following the theatre party the teams were tendered a banquet and Dutch supper at the Cawthon Hotel, Mr. Chas. B. Hervey being the host.

Captain Major, his entire football squad, and the Cadet Band, wish to extend a vote of thanks to all who made their trip so enjoyable, and wish especially to thank Mr. Chas. B. Hervey of the Cawthon Hotel, Dr. Jno. Rush of the Alumni Association, and all the members of the Association.
